== PRICE LIST ==

of

Collected Native Trees
Shrubs and Plants

FOR SALE BY

L. E. WILLIAMS

EXETER, N. H., U. S. A.

I buy and sell Nursery Grown Stock, both fruit and ornamental,
and can supply anything you need in this line at reasonable prices.

LOCATION.

We are located 50 miles northeast of Boston on the B. & M. R. R., in direct communication with Boston and New York. Freight rates low.

This is a new location which the botanist and collector has not invaded. Here we find a larger part of our trees and plants in their native wildness.

These are entirely free from scale and other injurious insect pests which are so destructive to vegetation further south.

TERMS.

Terms cash. Parties unknown to us must send cash with order or good reference. Six per cent. interest on all unpaid bills after January 1st and July 1st.

Boxing and packing at cost. We pack in the best sphagnum moss.

We are not infallible and are ready to correct any mistakes or errors which we may make, if our attention is called to them at once.

REMARKS.

We furnish trees and shrubs of any size suitable for transplanting, and a large number of shrubs and plants not quoted in this list.

We make special prices for large lists for public and private grounds.

We have an especially fine lot of *Viburnums*, *Pinus strobus*, *Tsuga Canadensis*, *Vacciniums* and *Ferns*.

I make a specialty of collecting Native Tree and Plant Seeds, and have collectors in different parts of the U. S. A., and can furnish almost any Native Tree or Plant Seed needed.

Sphagnum Moss furnished to the trade.

STATE OF NEW HAMPSHIRE
BOARD OF AGRICULTURE

NAHUM J. BACHELDER, Secretary

Office of State Nursery Inspector

Durham, N. H., Sept. 20, 1909.

This is to certify that on September 18, 1909, the nursery of L. E. Williams, located at Exeter, N. H., was inspected by Prof. Charles Brooks, and found apparently free from San Jose scale or other dangerous or infectious insect or fungous pest.

This certificate is void after June 30, 1910.

CHARLES W. STONE, State Nursery Inspector.
